Don't take our word for it, check it yourself! Ludwig 3.0. This is a cult German rock band, founded in the early 1980s in Hamburg. Ludwig 3.0 is not your typical German rock, but not your typical avant-garde either. It's a mix of rock, electronica and traditional German folk. All this with lots of atmospheric bass from the acoustic range, which makes these songs very gentle and soulful. Their music is not for everyone. It's not for those who like heavy, aggressive music.
